

OREMUS COMMUNICATIONS JANUARY 2018 NEWSLETTER

Merry Christmas and Happy New Year to Everyone! We hope that many of your petitions were answered after much prayer and many acts of repentance during this past Advent season.

Oremus Communications (OC) believes that each intention is unique and merits our attention and spiritual assistance. OC does its best before each recitation of the Holy Rosary on the Oremus Communications Family Rosary Program (OCFRP) to acknowledge all the needs of the world including those of which OC is made aware directly from our prayer partners.

Of course, it is impossible to acknowledge each intention during each daily recitation of the Holy Rosary, but rest assure, that we pray for all of your intentions and petitions from the least to the greatest. One of the greatest petitions during the month of January has to do with the protection of human life at all stages of the life continuum.

For example, the **March for Life in Washington, DC** looms large on Friday, January 19, 2018 where thousands of marchers are in attendance annually to draw attention to the evils of abortion and euthanasia. As we mentioned in our last newsletter, we perceive a connection between artificial means to regulate human reproduction and the alternative, Natural Family Planning (NFP), sanctioned by the Catholic Church.

As most of you know, NFP provides for a variety of methods to regulate human reproduction with great accuracy. One such method is the **Creighton** method. OC was very fortunate to attend a Respect for Life Conference at St. Peter's Church in Honey Brook, PA on December 4, 2017 wherein the Creighton method was described by one of its major proponents, Marie DiCecco, MS. Marie is a Fertility Care Practitioner in the Chester County area of the Archdiocese of Philadelphia. Also in our last newsletter, we pointed out the connection to the above topics and the **50th anniversary of Humanae Vitae** in June 2018. We will continue throughout the year to highlight this connection with a variety of guests and teaching programs by special guests.
