

OREMUS COMMUNICATIONS JUNE 2017 NEWSLETTER

Oremus Communications continues with its Lady of Fatima story. Below is a partial account from Fatima for the month of June, 1917 from the book "Fatima: The Full Story" by John De Marchi I.M.C.

"As in the first and subsequent Apparitions the Blessed Virgin spoke only with Lucia. Jacinta heard the words of both while Francisco heard nothing, and was afterwards informed by Lucia of what had been said. Why should this have been so we cannot tell. Our Lord distributes His grace when and how He will. Maria da Capela continues:

When Our Lady left the tree, it sounded rather like a rocket, a long way off, as it goes up. Lucia got up very quickly and, with her arm stretched out, cried "Look, there she goes! There she goes!". We saw nothing except a little cloud a few inches from the tree which rose very slowly and went backwards, towards the east, until we could see it no more. Some people said "I can still see it; it's still here..." until at last no one could see it any more.

The children stayed, silently looking in that direction until at last Lucia said "There, now we can't see her any more. She has gone back into Heaven, the doors are shut!" We then turned towards the miraculous tree and what was our admiration and surprise to see that the shoots at the top, which had been standing upright before, were now all bent towards the east, as if someone had stood upon them. Then we began to pull off twigs and leaves from the top of the tree but Lucia told us to take them from the bottom where Our Lady had not touched them. I then noticed a beautiful spray of rosemary growing near and took a piece of that, too, as a souvenir.

Somebody suggested that we should say the Rosary again before going home, but others who had come a long way said that we could say the Litany now and the Rosary on the way back to Fatima. There was someone there who had a concertina but I don't remember hearing him play. After the Litany we all went back to Fatima with the children, praying as we went, and we arrived when the procession was just starting. People saw us arrive and asked us where we had come from. We replied, from the Cova da Iria, and that we were very glad to have come from there. Some of them were sorry at what they had missed but it was too late then.

In July, these fifty pilgrims increased to 2,000 or 3,000, a fact which can hardly cause us any surprise". {end of excerpt}
